

RATTLER™

BAR DISPENSER

05/05/2020

Performance

- Nozzle and diffuser designed to eliminate product carryover
- Meets industry standards for ratio in all current and high yield syrups
- Precision engineered, molded flow controls regulate flow rate regardless of incoming pressure changes

Quality

- Handle manufactured from durable cast acrylic
- Valve integrated positive shut-offs and double o-rings prevent leaks and prolong service intervals
- Independent valve design utilizes stainless steel collars to seal shut-offs and flow controls

Product Highlights

- One gun – dispenses multiple products including soda, tonic, juice and energy drinks
- Valve cover and removable nozzle provides easy cleanability
- Interchangeable manifold design
- User friendly holster engineered with ½ drain and quick release
- Available in various hose lengths
