Material Used In Our Products

## MISSION

As a world class, multi-billion dollar corporation we work responsibly to provide original products which are good for the environment with clear benefits for our customers.

## CUSTOMER FOCUS

Continuous improvements to our products for energy and water consumption reductions result in lower operation cost for our customers.

## RECYCLING

- 100% of scrap metal is recycled.
- 100% of batteries are recycled.
- 100% of electronics & light bulbs are recycled.
- 100% of packaging & pallets are recycled.
- 100% of warranty returns & parts are recycled.

## COMPLIANCE

- First and only US foodservice equipment manufacturer to attain the **ISO-14001** certification, which stipulates conservation and preservation practices.
- Compliant with all US regulations and standards including **AB1953** (lead-free products).
- Compliant with all European standards of **RoHS** and Canadian **NRCAN**.
- Our logistic partners participate in the **SmartWay Partnership Program** that reduces air pollution.

To be sustainable... or exist as a viable, responsible corporation...  
Hoshizaki America must focus now and to the future in three key areas:

**Social Sustainability** - Corporate responsibility is evident throughout our organization. From employee community and outreach programs, charitable fundraising to our global nature preserves....Hoshizaki is partnering with you for a better planet!

**Environmental Sustainability** - We are committed to develop original, energy efficient products preferred by our customers while complying with laws and operating our facilities in a safe manner as exemplified by our BS OHSAS 18001 certification. Our multiple Energy Star Partner of the Year Awards further acknowledges our accomplishments.

AWARD WINNER  
2012 | 2013 | 2014 | 2015  
2016 | 2017

**Economic Sustainability** - Hoshizaki practices conservation through reduced energy consumption in our facilities, effective waste management and recycling programs, plus a well-managed supply chain. This is recognized with our ISO-14001 certification. We seek cost management to maintain our profitability by designing and producing the highest quality and best value products on the market. Our ISO-9001 certification demonstrates our commitment.
